

**University of Illinois at Urbana-Champaign**  
**College of Liberal Arts and Sciences**  
**School of Molecular and Cellular Biology**  
**Department of Cell and Developmental Biology**  
**Assistant Professor**

The School of Molecular and Cellular Biology (<http://mcb.illinois.edu/>) and the Department at Cell and Developmental Biology at the University of Illinois at Urbana-Champaign seeks outstanding applicants for a tenure track Assistant Professor position in any area of **Developmental, Regeneration, or Stem Cell Biology**.

Candidates must have a Ph.D., M.D., or equivalent degree, a strong track record during their graduate and postdoctoral career, and a compelling vision for their future, independent research direction. The target starting date is August 16, 2014. The successful candidate will be located in the Department of Cell and Developmental Biology and will be expected to conduct independent research, perform academic duties associated with our BS and PhD programs, and have the ability to teach effectively at both undergraduate and graduate levels. Salary is competitive and commensurate with experience. This position offers excellent laboratory facilities, relocation start-up funds, and the opportunity to work with outstanding colleagues and graduate students.

The Urbana-Champaign campus offers a wide range of state-of-the-art research support facilities that include the Roy J. Carver Biotechnology Center, the W. M. Keck Center for Comparative and Functional Genomics, as well as facilities for proteomics, metabolomics, high-throughput screening, immunology, flow cytometry, microscopy, and transgenic mice. The campus has strong programs in biophysics, bioengineering, biological physics, and chemical biology, and superb computational resources are available at the National Center for Supercomputing Applications and the NIH Resource for Macromolecular Modeling and Bioinformatics.

Urbana-Champaign offers the residential advantages of a medium-sized university city, excellent cultural opportunities, and a high quality of life. In 2010, the University of Illinois at Urbana-Champaign received top rankings by Harvard University's Collaborative on Academic Careers in Higher Education for its pre-tenure practices in balancing work and home. To ensure full consideration, create your candidate profile through <https://jobs.illinois.edu> and upload your application cover letter, curriculum vitae, a concise summary of past research accomplishments, a statement of future research plans and contact information for three professional references by **December 15, 2013**. Referees will be contacted electronically upon the submission of the application. Although early applications are appreciated and interviews may be conducted before the closing date, no hire will be made until after the closing date. Questions can be addressed to the School of Molecular and Cellular Biology, 217-333-3166.

Illinois is an Affirmative Action /Equal Opportunity Employer and welcomes individuals with diverse backgrounds, experiences, and ideas who embrace and value diversity and inclusivity. ([www.inclusiveillinois.illinois.edu](http://www.inclusiveillinois.illinois.edu)).
