African American Studies

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.
Anthropology

Anthropology: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/anthro.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/anthro.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of comparable transfer coursework to the following University of Illinois course:

*At least one transferable Anthropology course*

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- **ANTH 102, Human Origins and Culture**
- **RHET 105, Principles of Composition**
- **Language Recommendation**
- **Supporting Courses**

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

2 Supporting courses can be selected in a single discipline (building towards a minor) or can be taken from a variety of disciplines related to aspects of interest to the student in Anthropology.

**CONTACT INFORMATION:** Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703 FAX: 217/244-9498; E-mail: las-studentoffice@illinois.edu
Art History

Art History:  http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/art_history.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link:  https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable Art History course

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

ARTH 112, Renaissance to Modern Art
RHET 105, Principles of Composition

Language Recommendation
Supporting Courses

1 At most institutions, the equivalent requires a two-course English composition sequence.

2 Electives should be selected with consideration to the supporting course requirements for the major. See the description of the requirement in the Liberal Arts and Sciences Art History Section in the current Programs of Study which may be found in the website at the top of the page.

CONTACT INFORMATION:  Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

Astronomy

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer are as follows and completion of the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 220, Calculus¹
- MATH 231, Calculus II

**Language Recommendation**

**Junior-level transfer admission highly recommends** completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 241, Calculus III
- PHYS 211, University Physics: Mechanics²
- PHYS 212, University Physics: Elec & Mag²

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- ASTR 210, General Astronomy
- PHYS 213, Univ Physics: Thermal Physics²
- PHYS 214, Univ Physics: Quantum Physics²
- RHET 105, Principles of Composition³

---

¹ Students who intend to transfer into Astronomy should enroll in the most advanced mathematics course for which he/she is qualified and continue with mathematics each semester. Differential equations and/or advanced calculus are recommended for students who complete introductory calculus before the end of their sophomore year.

² If the transferable physics sequence at the community college is equivalent to the engineering physics sequence at the University of Illinois (PHYS 211, 212, 213, and 214), an equivalent of the University of Illinois’ MATH 220, Calculus, must first be completed as a prerequisite to the physics sequence.

³ At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

FAX: 217/244-9498; E-mail: las-studentoffice@illinois.edu
Atmospheric Sciences

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall

Admission recommendations for transfer are as follows and completion of the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission highly recommends completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- MATH 220, Calculus
- MATH 231, Calculus II

Language Recommendation

Junior-level transfer admission highly recommends completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 241, Calculus III
- PHYS 211, University Physics: Mechanics

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- ATMS 201, General Meteorology
- ATMS 303, Synoptic Weather Analysis (if available)
- ATMS 304, Atmospheric Radiation (if available)
- ATMS 305, Computing and Data Analysis (if available)
- PHYS 213, Univ Physics: Thermal Physics
- PHYS 214, Univ Physics: Quantum Physics
- RHET 105, Principles of Composition

1 At most institutions, the equivalent requires a two-course English composition sequence.

Biochemistry

Biochemistry: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall programas/undergrad/ias/molecular_cell_bio.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/ias/molecular_cell_bio.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission recommendations for transfer are as follows and the junior-level transfer requirements, which include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, must be successfully completed prior to the desired term of entry. Completion of the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission highly recommends completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 102, General Chemistry I
- CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II
- CHEM 105, General Chemistry Lab II
- MATH 220, Calculus
- MCB 150, Molec & Cellular Basis of Life

Language Recommendation

Junior-level transfer admission requires completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 236, Fundamental Organic Chem I
- CHEM 237, Structure and Synthesis
- or CHEM 232, Elementary Organic Chemistry I
- CHEM 233, Elem Organic Chem Lab I
- MATH 231, Calculus II

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- MATH 241, Calculus III
- MCB 250, Molecular Genetics
- MCB 251, Exp Techniqs in Molecular Biol
- PHYS 101, College Physics: Mech & Heat
- RHET 105, Principles of Composition

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories prior to transfer is also highly recommended:

- Humanities and the Arts
- Social & Behavioral Sciences

If the recommended coursework listed above is not completed prior to transfer, the time required for degree completion will likely be extended.

(Continued)
1 General Chemistry sequences that contain qualitative and quantitative analysis are preferred. Students completing a two-course, general college chemistry sequence that does not contain qualitative and quantitative analysis will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Lab, after transfer to the University of Illinois. Transfer students must also complete a two-semester sequence of organic chemistry lectures with one lab prior to the desired term of transfer.

2 A strong calculus sequence is highly recommended.

3 Two semesters of introductory biology, preferably designed for majors, is a prerequisite for the advanced Life Sciences requirement. Courses that emphasize biological principles are desirable over applied health-related or other applied approaches.

4 The physics courses selected can be equivalent to either the general physics sequence (PHYS 101, College Physics: Mech & Heat; and PHYS 102, College Physics: E&M & Modern) or the calculus-based sequence (PHYS 211, University Physics: Mechanics, PHYS 212, University Physics: Elec & Mag, PHYS 213, Univ Physics: Thermal Physics and PHYS 214, Univ Physics: Quantum Physics).

5 At most institutions, the equivalent requires a two-course English composition sequence.

6 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.
Chemical and Biomolecular Engineering

Chemical and Biomolecular Engineering:
http://provost.illinois.edu/ProgramsOfStudy/2011/fall/programs/undergrad/las/chem_bio_engin.html#bioengminor

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 3.20 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

CHEM 202, Accelerated Chemistry I\textsuperscript{1} and CHEM 203, Accelerated Chemistry Lab I\textsuperscript{1}
CHEM 204, Accelerated Chemistry II\textsuperscript{1} and CHEM 205, Accelerated Chemistry Lab II\textsuperscript{1}
MATH 220, Calculus\textsuperscript{2}
MATH 231, Calculus II\textsuperscript{2}
MATH 241, Calculus III\textsuperscript{2}
PHYS 211, University Physics: Mechanics\textsuperscript{3}
PHYS 212, University Physics: Elec & Mag\textsuperscript{3}
PHYS 214, Univ Physics: Quantum Physics\textsuperscript{3}

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

CHEM 236, Fundamental Organic Chem I
CHEM 237, Structure and Synthesis
CHEM 436, Fundamental Organic Chem II
CS 101, Intro Computing: Engrg & Sci\textsuperscript{4}
MATH 225, Introductory Matrix Theory\textsuperscript{2}
MATH 285, Intro Differential Equations
RHET 105, Principles of Composition\textsuperscript{5}

Language Recommendation

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories\textsuperscript{6} prior to transfer is also highly recommended:

Humanities and the Arts\textsuperscript{7}
Social & Behavioral Sciences\textsuperscript{7}

(Continued)
1 Students who have taken a non-accelerated general chemistry sequence will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring.

2 Depending on the available courses, the 3 semester sequence in calculus and analytic geometry, including basic linear algebra and matrix theory, should be equivalent to at least 12 semester hours.

3 Depending on the available courses, the most advanced physics sequence or the one for engineering majors must be followed. If no 3-semester, 12-hour sequence is available for engineering majors, a 2-semester, 10-hour sequence may also be acceptable, provided it includes modern physics.

4 The computer course must be a course in FORTRAN, C or C++ programming, including numerical methods (University of Illinois CS 101, Introduction to Computing, Engineering/Science); it should be a course intended for engineering majors.

5 At most institutions, the equivalent requires a two-course English Composition sequence.

6 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

7 Sixteen hours of approved general education electives are required. This must include at least six hours in social perspectives or behavioral sciences and at least six hours in literature and the arts or historical and philosophical perspectives. A current list of approved courses that may be used to satisfy this general education requirement is available in Room 209 RAL or the Undergraduate Program in Chemical Engineering website at: http://provost.illinois.edu/ProgramsOfStudy/2011/fall/programs/undergrad/las/chem_bio_engin.html#bioengminor. If you have more than six hours in either category, the excess will be counted as other Humanities or Social Science hours. Students entering college in fall 1995 or later must satisfy the distribution requirements in Western and Non-Western Cultures. See LAS General Education Handout for details.
Chemistry Major and the Specialized Curriculum in Chemistry

Chemistry Major or Specialized Curriculum:
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/chemistry.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer are as follows and completion of the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission highly recommends** completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 102, General Chemistry I
- CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II
- CHEM 105, General Chemistry Lab II
- MATH 220, Calculus
- MATH 231, Calculus II
- RHET 105, Principles of Composition

**Junior-level transfer admission highly recommends** completion of all of the sophomore-level transfer admission recommendations and completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 236, Fundamental Organic Chem I
- MATH 231, Calculus II
- MATH 241, Calculus III

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CHEM 237, Structure and Synthesis
- PHYS 101, College Physics: Mech & Heat
- PHYS 102, College Physics: E&M & Modern or PHYS 211, University Physics: Mechanics
- PHYS 214, Univ Physics: Quantum Physics

(Continued)
1 Students who have taken a non-accelerated general chemistry sequence and choose the Specialized Curriculum will enroll in CHEM 222, Quantitative Analysis Lecture and CHEM 223, Quantitative Analysis Laboratory, after transferring. CHEM 222 and CHEM 223 are optional for the Chemistry major. Students pursuing a Science and Letters Curriculum may complete coursework equivalent to the University of Illinois' CHEM 102-105 sequence or CHEM 202-205 sequence. Students pursuing a Specialized Curriculum in Chemistry must complete coursework equivalent to the University of Illinois' CHEM 202-205 sequence.

2 The transfer equivalent to the University of Illinois' three-course Calculus sequence (MATH 220, 231 and 241) should be completed prior to transfer.

3 At most institutions, the equivalent requires a two-course English composition sequence.

4 Students unable to complete an equivalent transfer course to University of Illinois' CHEM 236 should complete a transferable two-course (three-course sequence, if a quarter academic calendar institution) organic chemistry sequence to satisfy this requirement.

5 PHYS 101, College Physics: Mechanics & Heat and PHYS 102, College Physics: E&M & Modern OR PHYS 211, University Physics: Mechanics and PHYS 212, University Physics: Elec & Mag will satisfy the Physics requirement for the Chemistry major. For the professional Chemistry curriculum, PHYS 211, 212, and 214 are required for graduation.
Communication

Communication:  [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/communication.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/communication.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link:  [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in *red italics*, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of comparable transfer coursework to the following University of Illinois course:

*At least one transferable course in the major*

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CMN 101, Public Speaking
- CMN 113, Small Group Communication
- RHET 105, Principles of Composition

**Language Recommendation**

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

Comparative and World Literature

Comparative Literature and World Literature:
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/comp_world_lit.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

CWL 189, Lit of Asia & Africa I
CWL 190, Lit of Asia & Africa II
CWL 241, Lit Europe & the Americas I or CWL 242, Lit Europe & the Americas II
ENGL 101, Intro to Poetry or ENGL 102, Intro to Drama or ENGL 103, Intro to Fiction
HIST 141, Western Civ to 1660
HIST 142, Western Civ Since 1660
RHET 105, Principles of Composition

Language Recommendation

---

1 At most institutions, the equivalent requires a two-course English composition sequence.

Earth, Society and Environmental Sustainability
Science of the Earth System (SES)

Science of the Earth System:
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/lassystemenviron.html

Starting fall 2012, a new online undergraduate degree, a Bachelor’s of Science degree in Earth, Society and Environmental Sustainability is being offered by the School of Earth, Society, and Environment. The transfer requirements for this new degree program are exactly the same as for the regular campus program. Information concerning this new online ESE degree program can be found at the following link: http://www.earth.illinois.edu/sustain/. Any questions concerning this degree program may be directed to the contact person listed below or to Dr. Jonathan Tompkin, who may be contacted at: tompkin@illinois.edu or call (217) 244-2928.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable course in the major field of study

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
CS 101, Intro Computing: Engrg & Sci
ECON 102, Microeconomic Principles or ACE 100, Agr Cons and Resource Econ
MATH 220, Calculus
PHYS 101, College Physics: Mech & Heat or PHYS 211, University Physics: Mechanics
PSYC 100, Intro Psych
RHET 105, Principles of Composition
STAT 100, Statistics or ECON 202, Economic Statistics I

Language Recommendation

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories prior to transfer is also highly recommended:

Cultural Studies: Non-Western /U.S. Minority Culture(s)
Cultural Studies: Western/Comparative Culture(s)
Humanities & the Arts: Literature & the Arts
Natural Sciences & Technology: Life Sciences, Earth’s Bio Systems
Natural Sciences & Technology: Physical Sciences, Earth’s Physical Systems
Social & Behavioral Sciences: Social Sciences

(Continued)
1 Highly recommended for this concentration.
2 At most institutions, the equivalent requires a two-course English composition sequence.
3 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.
4 An equivalent to one of the following: GEOL 143; IB 100, 102, 103, 105, 150 or MCB 150.
5 An equivalent to one of the following: ATMS 100, 120, 140; GEOG 103; GEOL 100, 101, 103, 104, 107, 117 or 118.
6 An equivalent to one of the following: ANTH 102; GEOG 104; PS 100 or SOC 100.
Earth, Society and Environmental Sustainability
Society and the Environment (SAE)

Starting fall 2012, a new online undergraduate degree, a Bachelor’s of Science degree in Earth, Society and Environmental Sustainability is being offered by the School of Earth, Society, and Environment. The transfer requirements for this new degree program are exactly the same as for the regular campus program. Information concerning this new online ESE degree program can be found at the following link: http://www.earth.illinois.edu/sustain/. Any questions concerning this degree program may be directed to the contact person listed below or to Dr. Jonathan Tompkin, who may be contacted at: tomkin@illinois.edu or call (217) 244-2928.

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable course in the major field of study

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

ECON 102, Microeconomic Principles
PSYC 100, Intro Psych
RHET 105, Principles of Composition1
STAT 100, Statistics or GEOG/SOC 280, Intro to Social Statistics

Language Recommendation

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education2 categories prior to transfer is also highly recommended:

Cultural Studies: Non-Western /U.S. Minority Culture(s)
Cultural Studies: Western/Comparative Culture(s)
Humanities & the Arts: Historical & Philosophical Perspectives
Humanities & the Arts: Literature & the Arts
Natural Sciences & Technology: Life Sciences, Earth's Bio Systems3
Natural Sciences & Technology: Physical Sciences, Earth's Physical Systems3
Social & Behavioral Sciences: Social Sciences3

1 At most institutions, the equivalent requires a two-course English composition sequence.
2 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall
3 An equivalent to one of the following: GEOL 143; IB 100, 102, 103, 105, 150 or MCB 150.

CONTACT INFORMATION: Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703
FAX: 217/244-9498; E-mail: las-studentoffice@illinois.edu
East Asian Languages and Cultures; Latin American Studies; and Russian, East European, and Eurasian Studies

East Asian Languages/ Cultures:  
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/ealc.html

Latin American Studies:  
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/latin_am_studies.html

Russian, East European, and Eurasian Studies:  
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/russian_e_european.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link:  https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

Language Recommendation

RHET 105, Principles of Composition¹

Students in the Latin American Studies Program should complete an equivalent to the University of Illinois’ LAST 170, Introduction to Latin America, if available.

Students in East Asian Languages and Cultures must complete EALC 120, East Asian Civilizations, as a graduation requirement.

Latin American & Caribbean Studies require study in one language other than English. Select from Spanish, Portuguese, Quechua or Native Languages, e.g., Maya (can be studied at the University of Chicago, University of Illinois consortium partner).

Students in the Russian, East European, and Eurasian Studies program should complete an equivalent to the University of Illinois REES 200, Intro to Russia & Eurasia, REES 201, Introduction to Eastern Europe, and must complete REES 495, Senior Seminar, as a graduation requirement.

For electives, special consideration should be given to courses that contribute to an understanding of the broad background against which the region and cultures of the area are studied. Examples are general courses in anthropology, economics, geography, Asian and modern European or world history, world literature, political science, and sociology. See the description of the requirements for each of these programs at the websites at the top of the page.

¹ At most institutions, the equivalent requires a two-course English composition sequence.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable course in the major field of study

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

CMN 101, Public Speaking
HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660
or CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II
RHET 105, Principles of Composition

Language Recommendation

French Studies and Commercial French Studies students can complete transfer equivalents to ARTH 111, Ancient to Medieval Art and ARTH 112, Renaissance to Modern Art or FR 435, French Civilization I and FR 436, French Civilization II.

1 A sequence in Western Cultural Studies comparable to HIST 141, Western Civ to 1660 and HIST 142, Western Civ since 1660 OR CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II is required for graduation as a major in any language other than English.
2 At most institutions, the equivalent requires a two-course English composition sequence.

CONTACT INFORMATION: Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703 FAX: 217/244-9498; E-mail: las-studentoffice@illinois.edu
Gender and Women’s Studies

Gender and Women’s Studies:
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/gender_womens_studies.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- GWS 250, Gender Studies Humanities
- GWS 261, Gender Transnatl Perspective
- GWS 285, US Gender History to 1877 or GWS 286, US Gender History Since 1877
- GWS 350, Intro to Feminist Theory
- RHET 105, Principles of Composition¹
- Gender Studies Electives

Language Recommendation

¹ At most institutions, the equivalent requires a two-course English composition sequence.

CONTACT INFORMATION:  Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

Geography

Geography: http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/geography.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable Geography course

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- GEOG 101, Geog of Developing Countries
- GEOG 103, Earth's Physical Systems
- GEOG 104, Social and Cultural Geography
- RHET 105, Principles of Composition

Language Recommendation

Students specializing in general human and physical geography, urban and social geography, historical and regional studies or economic geography are encouraged to select transfer equivalents to MATH 124, Finite Mathematics; and MATH 234, Calculus for Business I.

Students specializing in the Physical Environment are encouraged to select transfer equivalents to MATH 220, Calculus.

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories is also highly recommended:

- Social & Behavioral Sciences

1 If physical geography is not offered, students should select transfer equivalents to the physical science courses from the University of Illinois’ General Education requirements listed at the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall

2 At most institutions, the equivalent requires a two-course English composition sequence.

3 For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

CONTACT INFORMATION: Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

Geology Major and the Specialized Curriculum in Geology

Geology: http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/geology.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Students intending to major in Geology at Illinois should request a copy of the “Guide for Geology Undergraduates” from the Department of Geology, 245 Natural History Building, 1301 W. Green Street, Urbana, IL 61801, (217/333-3540).

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

At least one transferable course in the major field of study

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
GEOL 107, Physical Geology
MATH 220, Calculus
PHYS 101, College Physics: Mech & Heat or PHYS 211, University Physics: Mechanics
PHYS 102, College Physics: E&M & Modern or PHYS 212, University Physics: Elec & Mag
RHET 105, Principles of Composition

Language Recommendation

---

1 The Specialized Curriculum in Geology and Geophysics in the current Programs of Study require three semesters of Calculus; the Sciences and Letters curriculum major in Geology, however, requires only one semester of Calculus.

2 PHYS 101, College Physics: Mech & Heat and PHYS 102, College Physics: E&M & Modern OR PHYS 211, University Physics: Mechanics and PHYS 212, University Physics: Elec & Mag will satisfy the Physics requirement for the Geology major. For the Geophysics option, PHYS 211, 212, 213 and 214 are required for graduation.

3 At most institutions, the equivalent requires a two-course English composition sequence.

CONTACT INFORMATION: Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703 FAX: 217/244-9498; E-mail: las-studentoffice@illinois.edu
Global Studies

Global Studies: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/global_studies.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/global_studies.html)

Transfer applicants who have completed more than 4 semesters or 60 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Students are advised to transfer into Global Studies with 45 hours of college credit. In order to meet the University of Illinois residency requirement of 60 hours on campus, as well as the Global Studies study abroad requirement, students should plan for at least five semesters of post-transfer undergraduate work.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- ECON 102, Microeconomic Principles
- ECON 103, Macroeconomic Principles
- GEOG 210, Contemp Social & Env Problems
- HIST 258, 20thC World to Mid-Century
- HIST 259, 20thC World from Mid-Century
- PS 101, Intro to US Gov & Pol
- PS 280, Intro to Intl Relations
- RHET 105, Principles of Composition¹
- SOC 100, Introduction to Sociology
- SOC 270, Population Issues

**Language Recommendation**

For electives, special consideration should be given to courses that satisfy the major requirements under Area Studies and Thematic Studies. Such courses should contribute to an understanding of the broad background against which the region and cultures of a student’s particular area of the world are studied. Examples are general courses in anthropology, economics, geography, history, literature, political science and sociology.

Prospective transfer students are strongly encouraged to contact LAS for further guidance in choosing coursework because of the individualized nature of the major.

¹ At most institutions, the equivalent requires a two-course English composition sequence.

It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- IB 103 Intro to Plant Biology
- or IB 104, Animal Biology
- or IB 150, Organismal & Evolutionary Biology\(^1\)
- or MCB 150, Molec & Cellular Basis of Life
- RHET 105, Principles of Composition\(^2\)

For sophomore-level transfer admission, completion of transfer course equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II

Junior-level transfer admission requires completion of transfer course equivalents to the following University of Illinois courses:

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
- IB 150, Organismal & Evolutionary Biology
- RHET 105, Principles of Composition\(^2\)

For junior-level transfer admission, completion of transfer course equivalents to the following University of Illinois courses and requirement prior to transfer is highly recommended.

- MATH 220, Calculus
- MCB 150, Molec & Cellular Basis of Life\(^3\)
- STAT 100, Statistics

Language Recommendation

---

1 Please refer to the IAI website at [https://www.transfer.org/uselect/](https://www.transfer.org/uselect/) for transfer course information. Contact the IB/MCB Advising Office at 217-333-6774 for specific recommendations for your transfer institution. If no equivalents to any of the courses listed above are offered at your institution, please explain that in the optional essay in your transfer application.

2 At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

Interdisciplinary Studies

Medieval Civilization Option

Medieval Civilization: http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/interdisc_studies.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation:

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CWL 241, Lit Europe & the Americas I or HIST 141, Western Civ to 1660
- CWL 242, Lit Europe & the Americas II or HIST 142, Western Civ Since 1660
- RHET 105, Principles of Composition¹
- European Literature

Language Recommendation

Additionally, completion of electives in Art History, Religious Studies and Philosophy should be considered.

¹ At most institutions, the equivalent requires a two-course English composition sequence.

Statistics:  http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/stats.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- MATH 220, Calculus
- MATH 231, Calculus II

Junior-level transfer admission requires completion of all sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois course:

- MATH 241, Calculus III

Additional requirement for junior-level transfer in Mathematics is completion of a transfer equivalent to one of the following University of Illinois courses:

- CS 101, Intro Computing: Engrg & Sci or CS 125, Intro to Computer Science

Additional requirement for junior-level transfer in Actuarial Science is completion of a transfer equivalent to one of the following University of Illinois courses:

- CS 101, Intro Computing: Engrg & Sci or CS 105, Intro to Computing: Non-Tech or CS 125, Intro to Computer Science

No Computer Science coursework is required for Statistics

(CONTINUED)
Completion of transfer equivalents to the following University of Illinois courses prior to transfer is **highly recommended**.

- MATH 225, Introductory Matrix Theory\(^2\)
- RHET 105, Principles of Composition\(^3\)

**Language Recommendation**

Students majoring in **Actuarial Science** should select ECON 102, Microeconomic Principles and ECON 103, Macroeconomic Principles, to complete their Social Science General Education requirements in the LAS Sciences and Letters curriculum.

Students majoring in **Statistics** should intend to complete Statistics 200, Statistical Analysis.

---

\(^1\) This sequence may be substituted with a one semester transferable course in analytic geometry followed by two semesters of transferable calculus. It is strongly recommended that a calculus sequence comparable to University of Illinois' MATH 220, Calculus, MATH 231, Calculus II and MATH 241, Calculus III, be completed prior to transfer to either the Actuarial Science or Statistics program. The recommended minimum GPA for the courses in the calculus sequence is **2.50 (A=4.00)**.

\(^2\) If available, a course comparable to MATH 415, Applied Linear Algebra, is preferred.

\(^3\) At most institutions, the equivalent requires a two-course English composition sequence.
Mathematics and Computer Science; and Statistics and Computer Science

Math/CS: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/math_computer_sci.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/math_computer_sci.html)
Stats/CS: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/stats_comp_science.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/stats_comp_science.html)

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to **review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of **3.20 or higher (A=4.00)** is required for **admission**. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in **red italics**, which must be successfully completed prior to the desired term of entry.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- **CS 125, Intro to Computer Science**
- **MATH 220, Calculus**
- **MATH 231, Calculus II**

**Junior-level transfer admission requires** completion of all of the **sophomore-level transfer** requirements and equivalent transfer coursework to the following University of Illinois course:

- **MATH 241, Calculus III**

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is **highly recommended.**

- **CS 173, Discrete Structures**
- **RHET 105, Principles of Composition**

**Language Recommendation**

Students majoring in **Statistics and Computer Science** should include an introductory course in Statistics.

The recommended minimum GPA for the courses in the calculus sequence should be at least **2.50 (A=4.00)**.

---

1. CS 125, Intro to Computer Science is preferred. If a transferable equivalent is not available, a transferable equivalent to CS 125, Intro Computing: Engrg & Sci, may be substituted.
2. This sequence may be substituted with one semester of transferable Analytic Geometry followed by two semesters of transferable Calculus.
3. It is highly recommended that an equivalent transfer course to CS 173, Discrete Structures, be completed prior to transfer; however, transfer will be considered without a comparable course.
4. At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL  61801; Phone:  217/333-1703

Molecular and Cellular Biology

Molecular and Cellular Biology:  
http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/molecular_cell_bio.html

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois' General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of equivalent transfer coursework to the following University of Illinois courses:

- CHEM 102, General Chemistry I and CHEM 103, General Chemistry Lab I
- CHEM 104, General Chemistry II and CHEM 105, General Chemistry Lab II
- IB 150, Organismal & Evolutionary Biol162 or MCB 150, Molec & Cellular Basis of Life162
- MATH 220, Calculus

Junior-level transfer admission requires completion of all of the sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois courses:

- IB 150, Organismal & Evolutionary Biol, if not completed previously
- MCB 150, Molec & Cellular Basis of Life, if not completed previously

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- CHEM 232, Elementary Organic Chemistry I4 and CHEM 233, Elementary Organic Chem Lab I4
- MATH 231, Calculus II or STAT 100, Statistics
- RHET 105, Principles of Composition5

Language Recommendation (Continued)
1 Students can take their institution’s Biology I and/or Biology II. It is recommended that students transferring into MCB as sophomores take MCB 150 at the University of Illinois, when a direct equivalent to MCB 150 is not available at their transfer institution. This will enable the student to be better prepared for MCB 250 at the University of Illinois.

2 The introductory Biology sequence must include an Organismal/Evolutionary course and a Molecular/Cellular course. Please see u.select (formerly CAS) website – [https://www.transfer.org/uselect/](https://www.transfer.org/uselect/) for details. Contact the IB/MCB Advising Office at 217/333-6774 for specific recommendations for your community college.

3 If a direct equivalent to MCB 150 is not available, students are **strongly encouraged** to take a Merit section for MCB 250 upon transfer to ensure a smoother academic transition to the MCB program. The Merit section is a one-credit-hour companion course to MCB 250. Taking MCB 150 at the University of Illinois after transferring is also an option many students find useful in making sure they are best prepared for MCB 250 and other advanced courses in the major.

4 Students who plan on attending medical school should take Organic Chemistry I & II with labs at the University of Illinois.

5 At most institutions, the equivalent requires a two-course English composition sequence. It is **highly recommended** that this requirement is completed prior to transfer so that space in the student’s schedule is made available for other courses.
Philosophy

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall.

Admission recommendations for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois Language Recommendation.

Language Recommendation: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

PHIL 101, Introduction to Philosophy
PHIL 102, Logic and Reasoning or PHIL 202, Symbolic Logic
PHIL 110, World Religions
Philosophy Electives
RHET 105, Principles of Composition¹

Language Recommendation

¹ At most institutions, the equivalent requires a two-course English composition sequence.
Physics Major and the Specialized Curriculum in Physics

Physics Major and Curriculum: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/physics.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/physics.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in red italics, which must be successfully completed prior to the desired term of entry.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- **MATH 220, Calculus**¹
- **MATH 231, Calculus II**¹
- **PHYS 211, University Physics: Mechanics**

**Junior-level transfer admission requires** completion of all of the **sophomore-level transfer admission** requirements and equivalent transfer coursework to the following University of Illinois courses:

- **MATH 241, Calculus III**¹
- **PHYS 212, University Physics: Elec & Mag**
- **PHYS 213, Univ Physics: Thermal Physics**
- **PHYS 214, Univ Physics: Quantum Physics**

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is highly recommended.

- **CHEM 102, General Chemistry I**² and **CHEM 103, General Chemistry Lab I**²
- **RHET 105, Principles of Composition**³

**Language Recommendation**

¹ The transfer course equivalents to the full University of Illinois' calculus sequence (MATH 220, 231 and 241) should be completed prior to transfer.

² It is recommended that students intending to pursue the Specialized Curriculum in Physics complete University of Illinois’ Chemistry 102 and 103 or equivalent transfer coursework.

³ At most institutions, the equivalent requires a two-course English composition sequence.

**CONTACT INFORMATION:** Mercedes Ramirez Fernandez, Assistant Dean, University of Illinois, College of Liberal Arts & Sciences, 270 Lincoln Hall, 702 South Wright Street, Urbana, IL 61801; Phone: 217/333-1703

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in **red italics**, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is **highly recommended**.

**Language Recommendation**: There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of comparable transfer coursework to the following University of Illinois course:

*At least one transferable Political Science course*

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is **highly recommended**.

- CMN 102, Intro to Comm Theory & Res
- ECON 102, Microeconomic Principles
- ECON 103, Macroeconomic Principles
- PHIL 102, Logic & Reasoning
- PS 101, Into US Gov & Pol
- PS 240, Into Comp Politics
- PS 280, Into Intl Relations
- PSYC 100, Intro Psych
- RHET 105, Principles of Composition¹

**Language Recommendation**

Political Science²

Quantitative Reasoning I and II³ - General Education Requirement

---

¹ At most institutions, the equivalent requires a two-course English composition sequence.

² Transfer coursework comparable to University of Illinois’ PS 220, Introduction to Public Policy, PS 230, Introduction to Political Research, PS 270, Introduction to Political Theory or 300 level courses.

³ It is **strongly recommended** that transfer equivalents to one of the following courses be completed prior to transfer: STAT 100, Statistics, MATH 220, Calculus, MATH 231, Calculus II or CS 105, Intro Computing: Non-Tech.
Psychology

Transfer applicants who have completed more than **6 semesters** or **80 hours of coursework** are subject to **review**. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 3.00 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

University of Illinois’ Psychology is a research-focused program with an emphasis on biological psychology. Students interested in counseling might consider Sociology (LAS), Human Development and Family Studies (ACES) or Community Health (AHS).

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

**Admission requirements** for transfer include completion of equivalent transfer coursework to the following University of Illinois courses listed in **red italics**, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the **Language Recommendation** is **highly recommended**.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

**Sophomore-level transfer admission requires** completion of equivalent transfer coursework to the following University of Illinois courses:

- **PSYC 100, Intro Psych**
- **RHET 105, Principles of Composition**
- **STAT 100, Statistics**

Completion of a transfer equivalent to the following University of Illinois course prior to transfer is **highly recommended**.

- **Language Recommendation**
  - One additional transferable psychology course

**Junior-level transfer admission requires** completion of all of the **sophomore-level transfer admission** requirements and equivalent transfer coursework to the following University of Illinois courses:

- **Two additional psychology courses**

---

1. At most institutions, the equivalent requires a two-course English composition sequence.

2. Sophomore transfers should complete at **least two** and junior transfers are required to complete at **least three** Psychology courses with a **GPA of 3.00** in those courses prior to transfer, one of which must be an equivalency to University of Illinois **PSYC 100, Intro Psych**. The remaining two may be chosen from equivalent courses to PSYC 201, Intro to Social Psych, PSYC 216, Child Psych, PSYC 238, Abnormal Psych, PSYC 239, Community Psych, PSYC 245, Industrial Org Psych or PSYC 250, Psych of Personality or any articulated 200-level Psychology course, which may or may not be posted on the u.select (formerly CAS) website – [https://www.transfer.org/uselect/](https://www.transfer.org/uselect/). Articulation information concerning non-posted courses may be obtained by contacting the Director of the Coordinated Course Articulation Unit at 217/333-1891.

Religion

**Religion:** [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/religious_studies.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/religious_studies.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). **A grade point average of 2.70 or higher (A=4.00) is required for admission.** Applicants are considered on a space available basis.

For information about the University of Illinois’ General Education requirements and courses, please refer to the following web link: [https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall](https://courses.illinois.edu/cisapp/dispatcher/gened/2012/fall).

**Admission recommendations** for transfer include suggested completion of equivalent transfer coursework to the following University of Illinois **Language Recommendation.**

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to **graduate** from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Completion of transfer equivalents to the following University of Illinois courses prior to transfer is **highly recommended.**

- HIST 141, Western Civ to 1660\(^1\) and HIST 142, Western Civ Since 1660\(^1\)
- or CWL 241, Lit Europe & the Americas I\(^1\) and CWL 242, Lit Europe & the Americas II\(^1\)
- RHET 105, Principles of Composition\(^2\)
- RLST 104, Asian Mythology\(^3\) or RLST 122, History East Asian Religions\(^3\)
- RLST 110, World Religions\(^3\)
- RLST 201, Hebrew Bible in English\(^3\)
- RLST 202, New Testament in English\(^3\)
- RLST 230, Philosophy of Religion Intro\(^3\)

**Language Recommendation**

Literature\(^4\)

---

\(^1\) A sequence in Western Cultural Studies comparable to either HIST 141, Western Civ to 1660 and HIST 142, Western Civ Since 1660 or CWL 241, Lit Europe & the Americas I and CWL 242, Lit Europe & the Americas II, is required for graduation in the Religious Studies major.

\(^2\) At most institutions, the equivalent requires a two-course English composition sequence.

\(^3\) If transfer equivalents to the religious studies course previously listed are **not** available, substitute transferable general education courses or electives.

\(^4\) Literature courses which make up the “Classics” of Western civilization (Homer, Vergil, Dante, etc.) and/or major British and American writers are recommended.

Sociology

Sociology: [http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/sociology.html](http://provost.illinois.edu/ProgramsOfStudy/2012/fall/programs/undergrad/las/sociology.html)

Transfer applicants who have completed more than 6 semesters or 80 hours of coursework are subject to review. Priority is given to students who can complete degree requirements within a total of ten semesters in college (not counting summer sessions). A grade point average of 2.70 or higher (A=4.00) is required for admission. Applicants are considered on a space available basis.

Admission requirements for transfer include completion of equivalent transfer coursework to the following University of Illinois course listed in red italics, which must be successfully completed prior to the desired term of entry. Completion of equivalent transfer coursework to the Language Recommendation is highly recommended.

**Language Recommendation:** There is no longer a language requirement for transfer admission. The College of Liberal Arts and Sciences requires completion through the fourth level of one language other than English, either in high school or college, to graduate from the college. It is strongly recommended that transfer applicants complete this graduation requirement prior to the term of enrollment at the University of Illinois. Early completion of this graduation requirement will allow time to complete other degree requirements, e.g., General Education coursework. Length of time to graduation may increase, if the Language Requirement for graduation is not completed prior to enrollment.

Sophomore-level transfer admission requires completion of comparable transfer coursework to the following University of Illinois course:

*At least one transferable Sociology course*

**Junior-level transfer admission requires** completion of all of the sophomore-level transfer admission requirements and equivalent transfer coursework to the following University of Illinois courses:

- SOC 100, Introduction to Sociology
- SOC 280, Intro to Social Statistics

Completion of transfer equivalents or comparable transfer coursework to the following University of Illinois courses and requirement prior to transfer is highly recommended:

- RHET 105, Principles of Composition
- Language Recommendation
  - Quantitative Reasoning I - General Education Requirement
  - Sociology courses

Completion of transfer equivalents to University of Illinois coursework which satisfy the following general education categories prior to transfer is also highly recommended:

- Historical & Philosophical Perspectives (History courses recommended) - General Education Requirement

---

1 If a transfer equivalent to this course is not available, an introductory statistics course from another discipline may be substituted.

2 At most institutions, the equivalent requires a two-course English composition sequence.
