### ***Hints for Scholarship Applications***

- DO NOT WAIT UNTIL YOU HAVE BEEN ACCEPTED INTO A STUDY ABROAD PROGRAM TO START APPLYING FOR SCHOLARSHIPS.
- MANY APPLICATIONS ARE DUE OVER ONE YEAR IN ADVANCE OF STUDYING ABROAD—*before you even apply for your study abroad program*—START EARLY!!!
- Make good use of your academic writing skills. Revise all essays and ask for feedback on your work. If possible, schedule an appointment with a tutor in the Writers Workshop. For details, visit: <http://www.cws.illinois.edu/workshop/appointments/>.
- Ask your parents if any scholarships exist at their workplace for children of employees.
- Look in your community— funding may be available through civic, ethnic, or religious groups. For example, former Girl Scouts should look at <http://www.cjsfoundation.org/>.
- Are you a member of any honor societies? If so, check to see whether study abroad scholarships are offered to members of your society. For example, members of Golden Key International Honour Society may apply for study abroad scholarships through Golden Key: <http://www.goldenkey.org/GKIHS/MemberBenefits/ScholarshipsandAwards/ScholarshipandAwardListing/>.
- Some organizations that arrange study abroad programs (e.g., AIFS, Butler, CIEE, IES, Interstudy, and ISA) also offer their own scholarships. Check with your program provider and/or study abroad advisor.
- Many Illinois Colleges and Departments sponsor award competitions for excellence in a particular field of study, and not always for majors only. For more information, contact college or department offices and view their web pages.
- See campus programs (e.g., Women Studies Program) or geographical area centers (e.g., Center for African Studies) for fellowships or scholarships to do research projects or to study language and culture.
- Search for additional funding opportunities at <http://www.studyabroadfunding.org/>.
