School of Molecular & Cellular Biology

MCB 301, Fall 2021
Experimental Microbiology, 3 Credit Hours

Instructor/Instructional Team
Jack Ikeda/Renee Alt
Contact information found below.

Class Meeting Schedule
Labs meet Mon/Wed or Tu/Thurs depending on your lab section. Lectures are held on Fridays from 1-1:50pm in 112 Gregory Hall.

Office Hours and contact information

**Course Instructor:**
Dr. Jack Ikeda
484B Burrill Hall
244-8732
jikeda@illinois.edu
Zoom link for Friday Lectures

**Laboratory Coordinator:**
Renee L. Alt
232A Burrill Hall
333-4306 (Office)
rlalt@illinois.edu

Dr. Ikeda
Office Hours: Mondays and Wednesdays from 1-2pm in 484B Burrill Hall
(or by appointment)

Ms. Alt
Office Hours
By appointment only

**Section**
Email: smbari2@illinois.edu
Office Hour:
Course Overview and Description
Laboratory emphasizing the fundamentals of microbiology. Topics include growth, isolation, and identification of bacteria; antibiotic resistance; ELISA; conjugation and transposon mutagenesis.

Course Prerequisites, Requirements met (general education, major, minor)
Students are expected to have taken MCB 250 and MCB 251 or course equivalents prior to enrolling in MCB 301. Students should also have credit or concurrent registration in MCB 300, or consent of instructor.

Student Learning Outcomes

MCB301

Student Learning Outcomes
At the end of the course, through assignments, discussions, activities and assessments, students will be able to:

- Define microbiological concepts and terms related to microorganisms.
- Understand and demonstrate skills required in the handling of microorganisms in a lab setting (biosafety, aseptic techniques, plating, staining, microscopy, biochemical testing, enrichments, mutagenesis).
- Apply their knowledge and use critical thinking to develop approaches to isolate, study and identify specific bacterial organisms, and to implement those approaches.
- Search outside literature for information relevant to their lab exercise.
- Examine and interpret specific experimental results to help determine how to best proceed in the lab.
- Record and organize lab procedures and results in a lab notebook.
- Prepare a written lab report that evaluates and integrates all their experimental data into a cohesive description of the lab exercise.
- Communicate and debate microbiological issues in a group setting.
Text/Materials Information (both required and recommended)

Required Materials:

The following is a list of items required for MCB 301. These items should be available at the Illini Union Bookstore and T.I.S. College Bookstore. Please pay careful attention to dates and editions when purchasing these items. Lab Manuals from past semesters will not contain current information.

"Experimental Microbiology: Laboratory Exercises for MCB 301, Fall 2021".  
Gail K. Grabner, Jack Ikeda, and Renee L. Alt

Ruler

Non-graphing Scientific Calculator

A ruler and calculator should be brought to every exam.

Course Website, Course Tools (Compass, Moodle, LON-CAPA, Zoom, etc)
https://www.life.illinois.edu/mcb/301
Assignments will be completed in LON-CAPA
Lectures and lab discussions will be held in Zoom. Links to each lab discussion and lecture are found in the instructor portion of this document.

Course Grades

Grades:

- Each course has a grade scale. The grade you earn in the course will be based on the points that you earn. Effort is reflected in points earned. We will adhere to the grade scale when assigning grades in order to avoid capriciousness and to adhere to fairness and equity for all students.

Basis for Course Grades:

Plus and minus letter grades will be used for semester grades.

The Grading Scale is as follows:

A+ 970-1000  C+ 770-799
A  930-969  C  730-769
A-  900-929  C-  700-729
B+  870-899  D+  670-699
B   830-869  D   630-669
B-  800-829  D-  600-629
F   less then 600

All point totals are estimates and may be altered slightly throughout the course of the semester. The point totals contained in the following table represent the use of the plus/minus grading system coupled with a 4.0 grade point system. The University has assigned the grade point values shown for each letter grade. Students who earn the points shown below (out of 1000 possible points) will be guaranteed the indicated letter grade. At semester's end, after the final exam, the faculty will analyze the course grade distribution, and may decrease (to accommodate poor class performance on an examination), but will not increase the points needed for each grade.

Listed below are the total possible points for your lecture score:

A. Two exams (100 pts each)  200 points possible
B. Final Exam (100 pts.)  100 points possible
C. Lecture Participation (10 lectures w/participation, 5 points each, drop 2)  40 points possible

Total possible lecture points  340

Listed below are the total possible points for your laboratory score:

A. 5 Pre-lab assignments(10 pts each, drop 1)  40 points possible
B. 4 Lab notebooks (pts. vary)  200 points possible
C. One computer-based assignment, Growth Curve  50 points possible
D. Lab Practical Exam (2 parts)  100 points possible
E. Antibiotic Producing Bacateria Lab  
270 points possible

Total possible lab points  
660

Total possible course points  
1000

Academic Integrity:

- The Code of Policies and Regulations Applying to All Students will be applied in all instances of academic misconduct committed by students. This applies to all exams, presentations, assignments and materials distributed or used in this course. You can review these policies at the following website: [http://admin.illinois.edu/policy/code/index.html](http://admin.illinois.edu/policy/code/index.html) and specifically here: [http://studentcode.illinois.edu/article1/part4/1-401/](http://studentcode.illinois.edu/article1/part4/1-401/)

- Science cannot exist without honesty. The faculty and staff in MCB require students, as scientists-in-the-making, to hold the highest standards of scientific and academic conduct. Any form of cheating on any graded work in courses is unacceptable.

- We require that all graded work be entirely your own, and that anything you write using the words of other writers be correctly attributed. Some specific points follow.

- On exams, the answers that you turn in for grading must be your own, formulated during the exam from your own understanding of the material and without any supporting information, be it written, verbal or electronic. Copying the work of another student, or allowing another to copy your work, or copying work from any other source, is unacceptable. Since we cannot always monitor you as you complete your work, we must rely upon appearance of your work from which to judge. If the work you submit resembles that of another student or another source too closely, we may conclude that it was not your original work. Always make a conscious effort to complete your work on your own and to protect it from the view of others, in order to ensure that it will be seen as your own. Failure to adhere to these standards for any portion of an exam may result in a grade of zero for the entire exam or quiz for all persons involved.

- Texting, or the use of a cell phone or any other device for any purpose, during a quiz or exam is prohibited. Doing so may earn you a zero or a more extreme penalty on the quiz or exam at the discretion of the instructor.
• Use of any social or electronic media to share information, request information or make confidential information public is prohibited. Any use of this type may earn you a zero on the exam or a more extreme penalty at the discretion of the instructor.

• On written or electronic assignments, the answers that you turn in for grading must be written in your own words, formulated from your own understanding of the material. While you may be working with other students in the course, you must formulate and submit your own answers. Copying or paraphrasing the work of another student, or allowing another to copy or paraphrase your work, is unacceptable. Since we cannot monitor you as you complete your work, we have only the appearance of your work from which to judge. If the work you submit resembles that of another student too closely, we may conclude that it was not your original work. Always make a conscious effort to complete your work on your own and to protect it from the view of others, in order to ensure that it will be seen as your own. You must also make a conscious effort to protect your passwords and accounts. Failure to adhere to these standards may result in a grade of zero for the entire assignment for all persons involved.

• On written or electronic assignments, if you use a statement taken directly from any book or other publication, including the course textbook, you must provide a citation. That is, you must put the text in quotes and put the author of the publication in parentheses after the quotation. Failure to do so will result in zero credit for that answer. Further, using only the words of another author as your entire answer or as the majority of your answer to any question is never sufficient to earn credit. If the majority of your work has been taken directly from a publication, you are likely to receive no credit for the work, since you would not be demonstrating knowledge beyond the ability to copy. Even if you quote another, your answer must be substantially your own words, drawn from your own understanding of the material.

Attendance Policies
Excused Absences / Religious Observances / DRES Accommodations
Lab Absences / Make-up Labs:

1. Regular class attendance is expected of all students at the University. (http://odos.illinois.edu/studentAssistance/absence/revised_code.asp)

   Attendance in lab is mandatory. Students are required to attend two, scheduled laboratory periods each week (1 hour and 50 minutes each). It is important to arrive on time in order to receive all pertinent information. Due to the nature of this course, both your presence and participation are required. Attendance will be recorded at every lab. As a result, you will only be allowed two excused absences for the semester, if warranted. Anything more than this will be considered unexcused, regardless of the reason or documentation. Excused absences will require: 1) contact with the instructor/coordinator within 24 hours of the absence, 2) the completion of the online absence report form, 3) the documentation requested by the instructor/coordinator and 4) an arrangement made for making-up the missed lab period (make-up labs are not guaranteed). Should you find yourself with multiple absences, we will assist you in preparing a petition for a Late Drop should this occur and be necessary after the drop deadline.

   Please refer to the course grades link for the way lab absences will be handled

2. Students must attend their scheduled lab section unless they are assigned to a make-up lab. Renee Alt is the only personnel able to schedule make-up labs.

3. Tardiness will also be recorded at every lab:
   a.)<5 minutes late - 0% reduction in points for that lab day
   b.)5-10 minutes late - 25% reduction in points for that lab day (any assignments due are now considered late)
   c.)10-30 minutes late - 50% reduction in points for that lab day
   d.)More than 30 minutes late - No points will be given for that lab day even if all bench work is completed

   **NOTE: IF YOU ARE TARDY ON LAB PRACTICAL DAYS YOU FORFEIT ALL POINTS FOR THAT DAY AND WILL NOT BE ALLOWED INTO THE CLASSROOM**

4. Students who provide dated documentation of a personal emergency, confining illness, religious conflict or graduate/medical school interview with in 48 hours
may be allowed to make up missed lab work for credit. Any absence that does not fall into one of these categories will be evaluated by MCB 301 staff on a case-by-case basis. MCB 301 staff will then determine eligibility for make-labs or excused lab days.

5. Students who have advanced knowledge of events that will conflict with MCB 301 must present acceptable documentation of such events 48 hours prior to their absence. Failure to do so will result in the absence being considered unexcused and result in deduction of points from your lab score (total points deducted dependent upon the day).

6. Report all lab absences to the Laboratory Coordinator, Renee Alt, in person (232A Burrill Hall) or by e-mail (rlalt@illinois.edu) within 48 hours.

7. Documentation for an absence must include relevant names, times, dates and an explanation of the date(s) and reason(s) for absence. NOTE: Absence due to illness will require a note from McKinley Health Center in order to be excused (Dial-a-nurse notes will not be accepted as documentation). Documentation will not be accepted past one week of the absence in question.

8. For each laboratory absence, students must complete the "Absence Report Form" available at the "Forms" link on the course web site. This form will be automatically forwarded to Renee Alt immediately upon completion. Note that this form may be completed online from any computer, in case of confining illness. Students are also required to submit supporting documentation to Renee Alt (232A Burrill Hall) as specified above. Documentation will not be accepted one week past the absence in question. Extended absences (lasting 3 days or more) will require nothing less than a Dean's letter as proper documentation. The office of the Dean of Students is located in the Turner Student Services Building, 610 E. John Street, Champaign, 217-333-0050. You must request that a representative of that office provide Renee Alt with the necessary information to address your circumstance.

9. Renee Alt will schedule all make-up labs. Teaching assistants cannot reschedule students to another lab, including their own. Only students who can provide an
acceptable reason for an absence, with supporting documentation, will be eligible to make up a missed lab.

Make-up labs must be made up in another section. If you have an acceptable reason for an absence we will make every effort to accommodate you in another lab section. Dry-labs will not be offered outside regular lab hours. You must make every effort to make another section (must coordinate through Renee Alt) or risk losing points for that day. You are not allowed to attend another lab section without prior approval.

10. Students in evening lab sections, who have evening exams in other courses, do not qualify for make-up labs.

11. Class absences before and after vacations (e.g. Thanksgiving Break, Spring Break) are not excusable, except as aforementioned.

12. Absences, when they occur after the first day of classes but prior to enrollment in the course, will require the use of dropped assignments if applicable.

Religious Observances and Practices:

1. Students are required to submit the Request for Accommodation for Religious Observances Form (which can be found at http://www.odos.uiuc.edu/community-of-care/resources/docs/Religious-Observance-Accommodation-Request-Form.pdf) to their instructors and the Office of the Dean of Students requesting accommodation by the end of the second week of the course. Requests that are not submitted within this time frame may not be granted. Information about accommodations can be found in the Student Code: http://studentcode.illinois.edu/.

DRES Accommodations:
1. If a student has DRES (Disability Resources and Educational Services) accommodations, documentation must be submitted to course personnel by the end of the second week of class.

2. If a student believes that they need DRES accommodations, they should contact DRES at disability@illinois.edu.

Final exams will not be returned to the student and will remain the property of the course, nor will answer keys be posted or made available in any way. Students may make an appointment with Renee Alt in order to view the final but it will stay in the procession of MCB staff. Final exams will not be subject to the MCB 301 regrade procedure, concerns should be directed to Renee Alt.

There will be two examinations, worth 100 points each. These examinations will take place on Thursday evenings in different rooms across campus. Please make sure to check for your individual exam room assignments. Failure to attend the correct exam room could
result in a "0" scored for the exam in question. These exams will consist of short answer response questions to make a total of 100 points possible.

Exam will start at 7pm. If you are late you will have the remaining time of the 120 minutes to complete the exam (even if that is 5 minutes). You have ONE WEEK from the day the graded tests are returned to the class, to ask for a regrade. Follow the procedure described under the link Grading Policies titled "re-grades". After this date, there will be no further modification of the exam result.

Bring your University photo ID, several sharp #2 pencils, ruler and an eraser.

DRES Accommodations:

- If a student has DRES (Disability Resources and Educational Services) accommodations, documentation must be submitted to course personnel by the end of the second week of class.
- If a student believes that they need DRES accommodations, they should contact DRES at disability@illinois.edu.

Religious Observances and Practices:

- Students are required to submit the Request for Accommodation for Religious Observances Form (which can be found at www.odos.illinois.edu/.../Religious_Observance_Accommodation_Request_Form.docx) to their instructors and the Office of the Dean of Students requesting accommodation by the end of the second week of the course. Requests that are not submitted within this time frame may not be granted. Information about accommodations can be found in the Student Code: http://studentcode.illinois.edu/.

Exam Absences:

- If you must miss an exam due to unforeseen circumstances, you are required to contact your instructor or course coordinator within 24 hours of the absence. You will then have 48 hours from the absence in which to submit documentation to your instructor or course coordinator. You must also submit an online Conflict Form if one is available on your course website. Course personnel will evaluate documentation and decide whether or not there will be an option to compensate for
the missed exam through either a make-up exam or proration. Failure to follow this procedure will result in a zero for the exam.

- There will be instances when the student must make an individual choice about their ability to perform on an exam and will need to accept any and all consequences for that choice.
- If the absence is a result of a protracted illness of 3 days or more, you should follow the procedure for obtaining a letter from the Office of the Dean of Students. The request may be made once the student returns to class but not more than 10 business days after the last date of absence.
- If you must miss an exam for job, graduate or professional school interviews, the exam may be prorated. A best effort should be made to schedule these events around exams. You will need to be mindful that only one exam may be prorated in a semester for any and all absences. Documentation will be required.

Exam Conflicts:

- If you have a regularly scheduled University course that conflicts with the exam, you should complete the online Conflict Exam Request Form on the course website. This request must be made by 5:00 pm not less than 3 business days prior to the exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted. See course policies for a specific deadline for your course.
- Students that are formally participating in officially recognized groups, such as athletic teams and performing groups, with a conflict should request a conflict exam by 5:00 pm not less than 3 days prior to the exam via the online Conflict Request Form. Formal participation does not include general meetings of RSOs or any other recognized groups. Documentation of the event will be required prior to scheduling the conflict exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted.
- Students with DRES accommodations should also submit the online Conflict Request Form by 5:00 pm no later than 3 business days prior to the exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted.
- Conflict exams are only given on the regular exam day, at the date, time and location agreed upon by Renee Alt and the student.
- If you must miss the exam, the possibility exists to have the one exam prorated with proper documentation. You must contact the course coordinator via email within 48 hours of the absence. If you do not provide documentation in a timely manner and upon receipt, there may be a negative impact on your ability to receive a prorated score. The final exam cannot be prorated. Your prorated score will be calculated based on the following formula:
Please note that the percentile that we use to calculate your score may be different from the percentile seen in the online gradebook, due to the accounting for missing scores.

You must complete at least two exams and the final in this course in order to earn a letter grade in the course. If you are unable to do so, the instructor will recommend that you drop or withdraw from the course if you choose not to do so a score of "0" will be recorded for the second missed exam.

Prior to the final exam date, you will be given a preliminary proration of your missing score. This proration is only to give you an idea of what your missing score *would be* based on the other scores that we have for you at that time. Your actual proration will be done with the final exam grade included. Please understand that this preliminary proration score may increase OR decrease depending on your performance on the last exam. The actual proration score will be the score used to determine your final grade.

- Scores for conflicts will not be posted until all forms and documentation are received and approved. At the end of the semester these will be changed to "0" if above criteria has not been met.

**FINAL EXAM CONFLICTS**

- The Final Exam will consist of all short answer response questions to make a total of 100 points possible. The material covered will concentrate on the second half of the course.
• Bring your University photo ID, several sharp #2 pencils, ruler, scientific calculator and an eraser. Graphing calculators will not be allowed and use of one will result in forfeiture of your exam.

Please do not bring to the exam any backpacks, purses, hats, bags, books, notes, papers, clipboards, musical instruments, or anything other than the items listed above; you will be allowed to enter the exam room with these items, but they will be placed away from student seating during the exam. No one will be monitoring who deposits and collects these personal effects, so thefts and mistaken identification of belongings can occur. We urge you not to bring valuables to the exam room. You will be asked to place all jackets/coats completely under the chair in which you are seated. In the case that the floor of the exam room is wet, you will be allowed to place jackets/coats at the front or back of the room during the exam. Cell phones or electronic devices, except for a scientific calculator, are not allowed. The MCB 300 faculty/staff is not responsible for any of your personal belongings. We strongly suggest you do not bring them to the exam site. The Illini Union Bookstore and the Illini Union have lockers available for temporary storage of such items if you are unable to leave them at home prior to an exam.

Final Exam Absence:

• If you must miss a final exam due to unforeseen circumstances, you are required to contact your instructor or course coordinator within 24 hours of the absence. You will then have 48 hours from the absence in which to submit documentation to your instructor or course coordinator. You must also submit an online Absence Form if one is available on your course website. Course personnel will evaluate documentation and decide whether or not there will be an option to compensate for the missed exam. Failure to follow this procedure may result in a zero for the exam.

• There will be instances when the student must make an individual choice about their ability to perform on an exam and will need to accept any and all consequences for that choice.

• If the absence is a result of a protracted illness, you should follow the procedure for obtaining a letter from the Office of the Dean of Students. The request may be
made once the student recovers but not more than 10 business days after the date of absence.

- Information about final exams can be found in the Student Code: http://studentcode.illinois.edu/.

**Final Exam Conflict:**

- Conflict final exams may only be granted for any one of the following situations:
  
  o Students with three final exams scheduled within a 24 hour period as defined in Section 82.A.4). Final Examinations of the *Code of Policies and Regulations Applying to All Students* which can be found at: www.illinois.edu/admin/manual/code/
  
  o Students who have two final exams scheduled at the same time. Final conflict exam requests should be made to the course with lower enrollment. Course personnel can assist with information to determine which course this would be.
  
  o Students who have a verified personal problem, and who have received written permission to take a conflict final exam from a dean in their college.
  
  o Students who have DRES academic accommodations.

- Students that find themselves in any of the above situations should complete the online Conflict Final Exam Request Form which can be found on the course website. This request must be made by 5:00 pm on the last day of class in order for the request to be granted. Any requests made after this time may not be granted. If a conflict final exam is granted, it may be scheduled at any time during the final examination period and is at the discretion of the instructor or course coordinator.

**Use of electrical devices** (such as cell phones, computers, iPods, etc) is prohibited during an Exam or Final Exam. Doing so may earn you a score of "zero" on the Exam or Final Exam, or a more extreme penalty at the discretion of the instructors. If a calculator is needed for an exam you will be told ahead of time and may only use a scientific calculator.
Requests for Regrades:

- If you believe that an answer was improperly graded on an exam, or lab assignment you must print a copy of the "Request for Exam Re-grade" form available on the "Forms" link on the course web site. This form must be completed and attached to the front of the original paper. Please note that paper assignments cannot be accepted for regrading if they are scanned and emailed. The regrade form must also be completed for web-based assignments but these may be emailed to Ms. Alt. Please be sure to indicate the number of the question(s) involved and why your answer is correct. Do not make any additional comments or marks on the original exam or lab assignment.

- Properly completed re-grade requests should be given to Renee Alt (232A Burrill Hall).

- All requests for re-grades must be made within one week of the day that the graded paper was returned. The grader has the option to leave the score as is and comment further on the answer in question, accept the argument presented and award additional points or lower the original score if he/she finds additional mistakes that were missed during the first round of grading. The paper will be re-evaluated and returned to you within one week of its submission.

- Hourly exams given during the semester will be returned to the students when grading is complete and therefore are property of the student. Final exams will not be returned to the student and will remain the property of the course, nor will answer keys be posted or made available in any way. Students may make an appointment with Renee Alt in order to view the final but it will stay in the procession of MCB staff. Final exams will not be subject to the MCB 301 regrade procedure, concerns should be directed to Renee Alt.
Active Threats:

- **General Emergency Response Recommendations** ([Emergency Response Guide](#)): Security Threat. The Department of Homeland Security and the University of Illinois at Urbana-Champaign Office of Campus Emergency Planning recommend the following three responses to any emergency on campus:
  
  **RUN > HIDE > FIGHT**

- **Only follow these actions if safe to do so.** When in doubt, follow your instincts - you are your best advocate!

**RUN** - Action taken to leave an area for personal safety.

  - Take the time to learn the different ways to leave your building **before** there is an emergency.
  - Evacuations are mandatory for fire alarms and when directed by authorities! No exceptions!
  - Evacuate immediately. Pull manual fire alarm to prompt a response for others to evacuate.
  - Take critical personal items only (keys, purse, and outerwear) and close doors behind you.
  - Assist those who need help, but carefully consider whether you may put yourself at risk.
  - Look for **Exit** signs indicating potential egress/escape routes.
  - If you are not able to evacuate, go to an Area of Rescue Assistance, as indicated on the front page of this plan.
  - Evacuate to Evacuation Assembly Area, as indicated on front page of this plan.
  - Remain at Evacuation Assembly Area until additional instructions are given.
  - Alert authorities to those who may need assistance.
  - Do not re-enter building until informed by emergency response personnel that it is safe to return.

  - Active Threat: IF it is safe to do so, run out of the building. Get as far away as possible. Do NOT go to the Evacuation Assembly Area.
- **HIDE** - Action taken to seek immediate shelter indoors when emergency conditions do not warrant or allow evacuation.
  - Severe Weather:
    - If you are outside, proceed to the nearest protective building.
    - If sheltering-in-place due to severe weather, proceed to the identified Storm Refuge Area or to the lowest, most interior area of the building away from windows or hazardous equipment or materials.
  - Active Threat:
    - Lock or barricade your area.
    - Get to a place where the threat cannot see you.
    - Place cell phones on silent.
    - Do not make any noise.
    - Do not come out until you receive an Illini-Alert advising you it is safe.

- **FIGHT** - Action taken as a last resort to increase your odds of survival.
  - Active Threat: If you cannot run away safely or hide, be prepared to fight with anything available to increase your odds for survival.

**Student Resources/Where to go for Help:**

**We Care at Illinois:**

- For sexual misconduct support, response and prevention visit: wecare.illinois.edu

*Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here: http://oier.illinois.edu/sites/prod/files/SexualMisconduct_ResourceGuide.pdf*

**Safety and Emergency:**

**Office Hours**
Mondays and Wednesdays 1-2pm in 484B Burrill Hall
(or by appointment)

**Ms. Alt**
**Office Hours**
By appointment only
Course Description: Laboratory emphasizing the fundamentals of microbiology. Topics include growth, isolation, and identification of bacteria; antibiotic resistance; ELISA; conjugation and transposon mutagenesis.

Credit: 3 credit hours. Students must register for one lab-discussion and one lecture section.

Prerequisite: Students are expected to have taken MCB 250 and MCB 251 or course equivalents prior to enrolling in MCB 301. Students should also have credit or concurrent registration in MCB 300, or consent of instructor.

Required Course Materials:

2. Ruler and non-graphing Scientific Calculator, required at every lab and exam

Policies:

- Unfamiliarity with policies is not a defense for not knowing what they cover.

Contacting MCB Course Personnel:

- MCB course personnel are more than happy to assist students.
- Emails to instructors, TAs, or course coordinators will only be answered if they come from an @illinois.edu account. We will only use this account in order to protect your educational information and profile. As a student, please remember that when you email a staff member, it is important to include all pertinent information so that we can assist you in the most efficient and effective manner possible. This information includes:
  - The course rubric in the subject line
  - Your full first and last name
  - Your NetID (the first part of your illinois.edu email account)
  - Your UIN (9 digit number that can be found on your ICard)
  - The course that you are concerned about (the course personnel often work with multiple courses)
  - Your section letter/number
  - The previous email "thread" or previous communicated information pertinent to the situation
- Your cooperation will help us respond much more quickly to your concerns.

Social Media Use
1. Use of any social or electronic media to share course information, request course information or make confidential course information public is prohibited. Any use of this type may earn you a zero on an assignment or exam or a more extreme penalty at the discretion of the instructor.

2. Any violation of the social media policy on your account may result in a zero on an assignment or exam or a more extreme penalty at the discretion of the instructor.

3. Any social media sites created in relation to MCB courses must grant access to course personnel upon request. Failure to provide access will result in a failing grade in the course for the group/site’s administrator(s).

4. No electronic devices, including smart watches, are allowed at exams.

Course Recordings

1. Students are welcome and encouraged to make audio recordings of course lectures.
2. The material recorded is intellectual and copyrighted property of the University of Illinois Board of Trustees and may be made for personal use only.
3. Video recordings of any kind are strictly prohibited.
4. Posting of audio recordings or transcriptions on social or electronic media platforms is strictly prohibited.
5. Recording material from this course, including lectures, discussions, or other activities is forbidden. Sharing recorded material or posting it online is also forbidden. Any violation of these policies will be forwarded to the Office of Student Conflict Resolution for disciplinary action.

Religious Observances and Practices:

- Students are required to submit the Request for Accommodation for Religious Observances Form (which can be found at www.odos.illinois.edu/.../Religious_Observance_Accommodation_Request_Form.docx) to their instructors and the Office of the Dean of Students requesting accommodation by the end of the second week of the course. Requests that are not submitted within this time frame may not be granted. Information about
accommodations can be found in the Student Code: http://studentcode.illinois.edu/.

**DRES Accommodations:**

- We are committed to providing a learning environment where our students can succeed. If you require special accommodations, please contact us and the Disability Resources and Educational Services (DRES) as soon as possible. To contact DRES, you may visit 1207 S. Oak Street, Champaign, call 217.333.4603, or email disability@illinois.edu. We will try to meet all accommodations once the process has started. Please note that accommodations are not retroactive to the beginning of the semester, but begin the day you contact your professor, instructor or coordinator with a current letter of accommodation from DRES.
- If a student believes that they need DRES accommodations, they should contact DRES at disability@illinois.edu.

### MCB 301
Experimental Microbiology

### WEEK-BY-WEEK SCHEDULE
Fall 2021

#### WEEK 1

**M/Tu August 23/24, 2021**

- Review of Class Information/Policies, Manual Pages I-XXXI
- Experiment 1: Streak Plate and Aseptic Technique, Manual Pages 1-9
- Review of Basic Laboratory Safety

**W/Th, August 25/26, 2021**

- 1: Evaluations, Manual Page 8
- 2: Spread plate, Manual Pages 10-13
- 3: Simple stain, Manual Pages 14-25

**Friday, August 27, 2021**

- Policies; Basic Microbiology Techniques (Aseptic Technique, Pure Culture, Plating, Di
WEEK 2

M/Tu, August 30/31, 2021:

2: Evaluations, Manual Page 13
4: Gram stain, Manual Pages 25-26

**Pre-lab 1-5 due at 8am in LON-CAPA, 10 points**

W/Th, September 1/2, 2021

5: Wet mount, Darkfield and Phase Contrast, Manual Pages 29-38

Friday, September 3, 2021

Lecture 2: Staining; Microscopy

**ADD DEADLINE FRIDAY September 3**

WEEK 3

M/Tu, September 6/7, 2021

**LABOR DAY NO CLASS**

W/Th, September 8/9, 2021

6a: Sporeformers enrichment, Manual Pages 39-50

**Pre-lab 6 due at 8am in LON-CAPA, 10 points**

Friday, September 10, 2021

Lecture 3: Microscopy; Sporeformers

WEEK 4

M/Tu, September 13-14, 2021

6b: Sporeformers isolation, 1, Manual Pages 39-50

W/Th, September 15/16, 2021

6c: Sporeformers isolation, 2, Manual Pages 51-52
Friday, September 17, 2021

Lecture 4: Sporeformers  pdf  ppt

WEEK 5

M/Tu, September 20/21, 2021

6c: Sporeformers post-enrichment, 1, Manual Pages 53-54

W/Th, September 22/23, 2021

6c: Sporeformers post-enrichment, 2, Manual Pages 55-56

Friday, September 24, 2021

Lecture 5: Biochemical Tests; Bacterial Growth (Video Recording)  pdf  ppt  MediaSpace

Growth Curve opens in LON-CAPA at 2:00pm, 50 points

WEEK 6

M/Tu, September 27/28, 2021

8a: Identification isolation, Manual Pages 71-79
10: Antibiotic Producing Bacteria, Intro, Manual Pages 118-127

Pre-lab 8: Identification due at 8am in LON-CAPA, 10 points

W/Th, September 29/30, 2021

8b: Identification purification, 1, Manual Page 81
9a-c: Biochemical tests, 1, Manual Pages 87-116
10: Antibiotic Producing Bacteria, Manual Pages 118-127

Pre-lab 9: Biochemical Tests due at 8am in LON-CAPA, 10 points
6: Sporeforming bacteria lab report due at the beginning of your lab section, 73 points

Th, September 30, 2021

OPEN HOURS BEGIN, SEE SCHEDULE ON LAB DOOR OR UNDER THE OPEN HOURS LINK ON 301 WEBSITE
Th, September 30, 2021 Exam 1 7-9pm

Basic microbiology techniques; Staining; Microscopy; Sporeformers
Please view the exam room assignments under the Exam Information Link on the website.

Friday, October 1, 2021

NO LECTURE

WEEK 7

M/Tu, October 4/5, 2021

8b: Identification purification, 1, Manual Page 81
9a-c: Biochemical tests, 2, Manual Pages 87-116
10: Antibiotic Producing Bacteria (Start Protocol a), Manual Pages 118-127

7: Growth Curve due at 5pm in LON-CAPA, 50 points
10: Antibiotic Producing Bacteria, Protocol A (Initial Protocol) due at the beginning of your lab

W/Th, October 6/7, 2021

8c: Identification dichotomous keys; inoculate tests, 1, Manual Pages 82-83
10: Antibiotic Producing Bacteria, Manual Pages 118-127

Friday, October 8, 2021

Lecture 6: Identification pdf  ppt

WEEK 8

M/Tu, October 11/12, 2021

8c: Identification; inoculate tests, 2, Manual Pages 82-83
10: Antibiotic Producing Bacteria, Manual Pages 118-135

9: Biochemical Tests lab report is due at the beginning of your lab section, 53 points

W/Th, October 13/14, 2021

8c: Identification; inoculate tests, 3, Manual Pages 82-83
10: Antibiotic Producing Bacteria, Manual Pages 118-135
Friday, October 15, 2021

OPEN HOURS END
DROP DEADLINE

Friday, October 15, 2021

Lecture 7: Antibiotic Producing Bacteria  pdf  ppt

WEEK 9

M/Tu, October 18/19, 2021

10: Antibiotic Producing Bacteria (Start Protocol b), Manual Pages 118-135

10: Antibiotic Producing Bacteria, Protocol B (Initial Protocol) due at the beginning of your lab section, 30 points

W/Th, October 20/21, 2021

10: Antibiotic Producing Bacteria (Start Protocol c), Manual Pages 118-135

8: Identification Worksheet due at the beginning of your lab section, 57 points
10: Antibiotic Producing Bacteria, Protocol C (Initial Protocol) due at the beginning of your lab section, 30 points

Friday, October 22, 2021

Lecture 8: Antibiotic producing bacteria  pdf  ppt

WEEK 10

M/Tu, October 25/26, 2021

10: Antibiotic Producing Bacteria, Manual Pages 118-135

10: Antibiotic Producing Bacteria (Revision and Discussion) due at the beginning of your lab section, 58 points

W/Th, October 27/28, 2021

10: Antibiotic Producing Bacteria, Manual Pages 118-135

Thursday, October 28, 2021
Exam 2 from 7-9pm in LON-CAPA
Exam covers Growth Curve, Identification, Biochemical Tests

Friday, October 29, 2021
NO LECTURE

WEEK 11

M/Tu, November 1/2, 2021

10: Antibiotic Producing Bacteria, Manual Pages 118-135

W/Th, November 3/4, 2021

11a: Transposon mutagenesis conjugation, Manual Pages 136-140
10: Antibiotic Producing Bacteria, Manual Pages 118-135

Pre-lab 11: Transposon mutagenesis due at 8am in LON-CAPA, 10 points

Friday, November 5, 2021

Lecture 9: Antibiotic Producing Bacteria  pdf  ppt

WEEK 12

M/Tu, November 8/9, 2021

W/Th, November 10/11, 2021

11c: Transposon mutagenesis selection, 2, Manual Pages 143-147
10: Antibiotic Producing Bacteria, Manual Pages 118-135

10: Antibiotic Producing Bacteria, Protocol C (Revision and Discussion) due at the beginning of

Friday, November 12, 2021

Lecture 10: Transposon mutagenesis  pdf  ppt

WEEK 13
M/Tu, November 15/16, 2021

11c: Transposon mutagenesis characterization, 1, Manual Pages 143-147
10: Antibiotic Producing Bacteria, Manual Pages 118-135

W/Th, November 17/18, 2021

11c: Transposon mutagenesis characterization, 2, Manual Pages 143-148
10: Antibiotic Producing Bacteria, Manual Pages 118-135

**10: Antibiotic Producing Bacteria, Protocol B (Revision and Discussion) due at the beginning of your lab section, 69 points**

Friday, November 19, 2021

Lecture 11: Transposon mutagenesis  pdf  ppt

**WEEK 14**

Saturday November 20-Sunday November 28, 2021

**FALL BREAK-NO CLASSES**

**WEEK 15**

M/Tu, November 29/30, 2021

Lab Practical Review and Practice
Lab clean up and drawer inventory

**11: Transposon mutagenesis due at the beginning of your lab section (NO LATE LAB REPORTS WILL BE ACCEPTED, 72 points)**

W/Th, December 1/2, 2021

Lab Practical Exam, Part I
Dilution problem calculation, Gram stain, brightfield microscopy, streak plate

Friday, December 3, 2021

Lecture 12: TBA  pdf  ppt

**WEEK 16**
M/Tu, December 6/7, 2021

Lab Practical Exam, Part II
Dilutions and spread plate, wet mount and phase contrast, biochemical tests, dichotomous key

Final Exam TBA

Final Exam covers Antibiotic Producing Bacteria, Transposon mutagenesis

MCB Curriculum Policies (you are free to use or adapt as necessary)

For non-academic campus assistance and support:
- See Office of Diversity, Equity and Access (ODEA) information at the end of this document.

Student Advocacy Resources:
- For student-centered advocacy programs and services visit: mcb.illinois.edu/undergrad/advising/resources.

Contacting MCB Course Personnel:
- MCB course personnel are more than happy to assist students.
- Emails to instructors, TAs, or course coordinators will only be answered if they come from an @illinois.edu account. We will only use this account in order to protect your educational information and profile. As a student, please remember that when you email a staff member, it is important to include all pertinent information so that we can assist you in the most efficient and effective manner possible. This information includes:
  - The course rubric in the subject line
  - Your full first and last name
  - Your NetID (the first part of your illinois.edu email account)
  - Your UIN (9 digit number that can be found on your ICard)
  - The course that you are concerned about (the course personnel often work with multiple courses)
  - Your section letter/number
  - The previous email "thread" or previous communicated information pertinent to the situation
• Your cooperation will help us respond much more quickly to your concerns.

Policies:
• Unfamiliarity with policies is not a defense for not knowing what they cover.

Adding the Course after the Semester Starts:
• We understand that the University has an add deadline 10 days into the semester, but the University lets individual courses and/or programs determine their policies for late adds. We feel that students who choose to add a course late do so at their own discretion with knowledge that there may be points lost in the process.

Religious Observances and Practices:
• Students are required to submit the Request for Accommodation for Religious Observances Form (which can be found at www.odos.illinois.edu/.../Religious_Observance_Accommodation_Request_Form.docx) to their instructors and the Office of the Dean of Students requesting accommodation by the end of the second week of the course. Requests that are not submitted within this time frame may not be granted. Information about accommodations can be found in the Student Code: http://studentcode.illinois.edu/.

DRES Accommodations:
• We are committed to providing a learning environment where our students can succeed. If you require special accommodations, please contact us and the Disability Resources and Educational Services (DRES) as soon as possible. To contact DRES, you may visit 1207 S. Oak Street, Champaign, call 217.333.4603, or email disability@illinois.edu. We will try to meet all accommodations once the process has started. Please note that accommodations are not retroactive to the beginning of the semester, but begin the day you contact your professor, instructor or coordinator with a current letter of accommodation from DRES.
• If a student believes that they need DRES accommodations, they should contact DRES at disability@illinois.edu.

Class Absences:
• Regular class attendance is expected of all students at the University. (http://odos.illinois.edu/studentAssistance/absence/revised_code.asp)
• If you find yourself ill, you must submit confirmation of a visit with a medical practitioner within 24 hours of your absence. The confirmation cannot be provided by a relative, even if the relative is a practitioner.
• The Office of the Dean of Students will only provide informative letters to instructors for protracted illness of 3 or more days, certain emergencies and to be present during the serious illness of immediate family members (parents, legal guardian,
spouse/partner, siblings, children, or grandparents). These letters do not excuse you from class but merely provide information for the instructor to consider with regard to excusing the absence and permitting make-up work. Students must request absence letters from the Office of the Dean of Students after the student has returned to class but not more than 10 business days after the last date of absence.

- Absences that may be excused without a letter include circumstances beyond the student’s control such as medical treatment, surgery related to prolonged illness or injury, pregnancy, legal matters, citizenship or naturalization processes, or acts of nature which cause destruction to a primary residence or disrupt air travel. All will require documentation.
- Absences that may also be excused without a letter include a conference or job, graduate or professional school interviews, though a best effort should be made to schedule these events to minimize class attendance disruption. All will require documentation.
- Absences planned for the items listed in previous bullet point must be communicated to your instructor or course coordinator at least two weeks in advance of the absence. Failure to do so may result in the loss of opportunity to reschedule the missed class period and the portion of the grade associated with this class period.
- Absences that will not be excused include family events such as reunions or weddings, or presence during serious illness of extended family members (aunt, uncle, niece, nephew, or cousin).
- Unplanned absences may result in the loss of opportunity to reschedule the missed class period and, therefore, the portion of the grade associated with this class period.
- Absences will be handled according to individual course policy.

**Exam Absences:**

- If you must miss an exam due to unforeseen circumstances, you are required to contact your instructor or course coordinator within 24 hours of the absence. You will then have 48 hours from the absence in which to submit documentation to your instructor or course coordinator. You must also submit an online Absence Form if one is available on your course website. Course personnel will evaluate documentation and decide whether or not there will be an option to compensate for the missed exam through either a make-up exam or proration. Failure to follow this procedure will result in a zero for the exam.
- If you find yourself ill, you must submit confirmation of a visit with a medical practitioner within 24 hours of your absence. The confirmation cannot be provided by a relative, even if the relative is a practitioner.
- If you must miss an exam for a conference or job, graduate or professional school interviews, the exam may be prorated. A best effort should be made to schedule these events around exams. You will need to be mindful that only one exam may be prorated in a semester for any and all absences. All will require documentation.
- There will be instances when the student must make an individual choice about their ability to perform on an exam and will need to accept any and all consequences for that choice.
- If the absence is a result of a protracted illness of 3 days or more, you should follow the procedure for obtaining a letter from the Office of the Dean of Students. The request may be made once the student returns to class but not more than 10 business days after the last date of absence.
Exam Conflicts:
- If you have a regularly scheduled University course that conflicts with the exam, you should complete the online Conflict Exam Request Form on the course website. This request must be made by 5:00 pm not less than 3 business days prior to the exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted. See course policies for a specific deadline for your course.
- Work schedules should be adjusted, if at all possible, in order to eliminate a conflict with scheduled exams. Please plan accordingly at the beginning of the semester. If eliminating a conflict is not possible, the student should complete the online Conflict Exam Request Form on the course website. This request must be made by 5:00 pm not less than 3 business days prior to the exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted.
- Students that are formally participating in officially recognized groups, such as athletic teams and performing groups, with a conflict should request a conflict exam by 5:00 pm not less than 3 days prior to the exam via the online Conflict Request Form. Formal participation does not include general meetings of RSOs or any other recognized groups. Documentation of the event will be required prior to scheduling the conflict exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted.
- Students with DRES accommodations should also submit the online Conflict Request Form by 5:00 pm no later than 3 business days prior to the exam. Requests made after 5:00 pm and less than 3 business days prior to the exam will not be granted.

Final Exam Absence:
- If you must miss a final exam due to unforeseen circumstances, you are required to contact your instructor or course coordinator within 24 hours of the absence. You must also contact the Dean of your college. Finally, you must submit an online Absence Form if one is available on your course website. You will receive an ABS (absent) in the course if you miss the final exam. This ABS will result in an F in the course unless action is taken. The Dean can approve the change of the ABS to an Incomplete, which then allows a limited window of time for you to complete the final exam and earn a grade in the course.
- There will be instances when the student must make an individual choice about their ability to perform on an exam and will need to accept any and all consequences for that choice.
- If the absence is a result of a protracted illness, you should follow the procedure for obtaining a letter from the Office of the Dean of Students. The request may be made once the student recovers but not more than 10 business days after the date of absence.
- Information about final exams can be found in the Student Code: [http://studentcode.illinois.edu/](http://studentcode.illinois.edu/).
Final Exam Conflict:

- Conflict final exams may only be granted for any one of the following situations:
  - Students with three final exams scheduled within a 24 hour period as defined in Section 82.A.4. Final Examinations of the Code of Policies and Regulations Applying to All Students can be found at: www.illinois.edu/admin/manual/code/
  - Students who have two final exams scheduled at the same time. Final conflict exam requests should be made to the course with larger enrollment. Course personnel can assist with information to determine which course this would be.
  - Students who have a verified personal problem, and who have received written permission to take a conflict final exam from a dean in their college.
  - Students who have DRES academic accommodations.
- Students that find themselves in any of the above situations should complete the online Conflict Final Exam Request Form which can be found on the course website. This request must be made by 5:00 pm on the last day of class in order for the request to be granted. Any requests made after this time may not be granted. If a conflict final exam is granted, it may be scheduled at any time during the final examination period and is at the discretion of the instructor or course coordinator.

Grades:

- Each course has a grade scale. The grade you earn in the course will be based on the points that you earn. Effort is reflected in points earned. We will adhere to the grade scale when assigning grades in order to avoid capriciousness and to adhere to fairness and equity for all students.

Academic Integrity:

- The Code of Policies and Regulations Applying to All Students will be applied in all instances of academic misconduct committed by students. This applies to all exams, presentations, assignments and materials distributed or used in this course. You can review these policies at the following website: http://admin.illinois.edu/policy/code/index.html and specifically here: http://studentcode.illinois.edu/article1/part4/1-401/
- Science cannot exist without honesty. The faculty and staff in MCB require students, as scientists-in-the-making, to hold the highest standards of scientific and academic conduct. Any form of cheating on any graded work in courses is unacceptable.
- We require that all graded work be entirely your own, and that anything you write using the words of other writers be correctly attributed. Some specific points follow.
- On exams, the answers that your turn in for grading must be your own, formulated during the exam from your own understanding of the material and without any supporting information, be it written, verbal or electronic. Copying the work of another student, or allowing another to copy your work, or copying work from any other source, is unacceptable. Since we cannot always monitor you as you complete your work, we must rely upon appearance of your work from which to judge. If the work you submit resembles that of another student or another source too closely, we may conclude that it was not your original work. Always make a conscious effort to
complete your work on your own and to protect it from the view of others, in order to ensure that it will be seen as your own. Failure to adhere to these standards for any portion of an exam may result in a grade of zero for the entire exam or quiz for all persons involved.

- Texting, or the use of a cell phone or any other device for any purpose, during a quiz or exam is prohibited. Doing so may earn you a zero or a more extreme penalty on the quiz or exam at the discretion of the instructor.
- Use of any social or electronic media to share information, request information or make confidential information public is prohibited. Any use of this type may earn you a zero on the exam or a more extreme penalty at the discretion of the instructor.
- On written or electronic assignments, the answers that you turn in for grading must be written in your own words, formulated from your own understanding of the material. While you may be working with other students in the course, you must formulate and submit your own answers. Copying or paraphrasing the work of another student, or allowing another to copy or paraphrase your work, is unacceptable. Since we cannot monitor you as you complete your work, we have only the appearance of your work from which to judge. If the work you submit resembles that of another student too closely, we may conclude that it was not your original work. Always make a conscious effort to complete your work on your own and to protect it from the view of others, in order to ensure that it will be seen as your own. You must also make a conscious effort to protect your passwords and accounts. Failure to adhere to these standards may result in a grade of zero for the entire assignment for all persons involved.
- On written or electronic assignments, if you use a statement taken directly from any book or other publication, including the course textbook, you must provide a citation. That is, you must put the text in quotes and put the author of the publication in parentheses after the quotation. Failure to do so will result in zero credit for that answer. Further, using only the words of another author as your entire answer or as the majority of your answer to any question is never sufficient to earn credit. If the majority of your work has been taken directly from a publication, you are likely to receive no credit for the work, since you would not be demonstrating knowledge beyond the ability to copy. Even if you quote another, your answer must be substantially your own words, drawn from your own understanding of the material.

**Electronic Media/Device Use:**

- Use of any social or electronic media to share course information, request course information or make confidential course information public is prohibited. Any use of this type may earn you a zero on an assignment or exam or a more extreme penalty at the discretion of the instructor.
- Any violation of the social media policy on your account may result in a zero on an assignment or exam or a more extreme penalty at the discretion of the instructor.
- Any social media sites created in relation to MCB courses must grant access to course personnel upon request. Failure to provide access will result in a failing grade in the course for the group/site’s administrator(s).
- No electronic devices, including smart watches, are allowed at exams.

**Course Material:**
• Students are welcome and encouraged to make audio recordings of course lectures.
• The material recorded is intellectual and copyrighted property of the University of Illinois Board of Trustees and may be made for personal use only.
• Video recordings of any kind are strictly prohibited.
• Posting of audio recordings or transcriptions on social or electronic media platforms is strictly prohibited.
• Posting or redistributing of course material in any format is strictly prohibited.

University Information of Student Safety - Active Threats:

• **General Emergency Response Recommendations** ([Emergency Response Guide](#)):
  - Security Threat. The Department of Homeland Security and the University of Illinois at Urbana-Champaign Office of Campus Emergency Planning recommend the following three responses to any emergency on campus: RUN > HIDE > FIGHT

  • **Only follow these actions if safe to do so.** When in doubt, follow your instincts - you are your best advocate!

  • **RUN** – Action taken to leave an area for personal safety.
    - Take the time to learn the different ways to leave your building **before** there is an emergency.
    - Evacuations are mandatory for fire alarms and when directed by authorities! No exceptions!
    - Evacuate immediately. Pull manual fire alarm to prompt a response for others to evacuate.
    - Take critical personal items only (keys, purse, and outerwear) and close doors behind you.
    - Assist those who need help, but carefully consider whether you may put yourself at risk.
    - Look for **Exit** signs indicating potential egress/escape routes.
    - If you are not able to evacuate, go to an **Area of Rescue Assistance**, as indicated on the front page of this plan.
    - Evacuate to **Evacuation Assembly Area**, as indicated on front page of this plan.
    - Remain at Evacuation Assembly Area until additional instructions are given.
    - Alert authorities to those who may need assistance.
    - Do not re-enter building until informed by emergency response personnel that it is safe to return.
    - Active Threat: **IF** it is safe to do so, run out of the building. Get as far away as possible. Do NOT go to the Evacuation Assembly Area.

  • **HIDE** – Action taken to seek immediate shelter indoors when emergency conditions do not warrant or allow evacuation.
    - Severe Weather:
      - If you are outside, proceed to the nearest protective building.
      - If sheltering-in-place due to severe weather, proceed to the identified Storm Refuge Area or to the lowest, most interior area of the building away from windows or hazardous equipment or materials.
    - Active Threat:
• Lock or barricade your area.
• Get to a place where the threat cannot see you.
• Place cell phones on silent.
• Do not make any noise.
• Do not come out until you receive an Illini-Alert advising you it is safe.

• FIGHT — Action taken as a last resort to increase your odds of survival.
  o Active Threat: If you cannot run away safely or hide, be prepared to fight with anything available to increase your odds for survival.

Student Resources/Where to go for Help:
We Care at Illinois
  • For sexual misconduct support, response and prevention visit: wecare.illinois.edu

*Title IX makes it clear that violence and harassment based on sex and gender are Civil Rights offenses subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here: http://oiir.illinois.edu/sites/prod/files/SexualMisconduct_ResourceGuide.pdf
