Minimum GPA required: Biochemistry students are required to maintain a major GPA of 2.50 or better and a cumulative GPA of 2.00 or better.

Minimum hours required for graduation: 120.

Distinction: To be considered for graduation & distinction, a student must earn a minimum GPA of 3.25, have at least 6 hours of research (including at least 4 hours of BIOC 492), and submit a thesis for approval by the Biochemistry Awards Committee.

FOUNDATION

A. CHEMISTRY .................................................................................................................................... 19 HOURS
   1. General - Preferred sequence: 202 (3), 203 (2), 204 (3), 205 (2); Advisor approval: CHEM 102, 103, 104, 105
   2. Organic Preferred sequence: 236 (4), 237 (2), and 436 (3); Advisor approval: CHEM 232, 233, 332

B. MATHEMATICS (Calculus I, II, III, Biostatistics) ................................................................. 15 HOURS
   MATH 220 (5), 231 (3), 241 (4) & STAT 212 (3)

C. MOLECULAR & CELLULAR BIOLOGY .................................................................................. 17 HOURS
   MCB 150 (4), MCB 250 and 251 (5), MCB 252 and 253 (5), and MCB 354 (3)

D. PHYSICS ........................................................................................................................................... 10 HOURS
   Preferred: 211 Mechanics(4), 212 Elect & Mag(4) & 213 Thermal(2); Advisor approval: PHYS 101, 102

CORE

E. Physical (Bio)Chemistry: CHEM 440-B (4) and BIOC 446 (3) ...................................................... 7 HOURS

F. BIOCHEMISTRY ............................................................................................................................. 14 HOURS
   BIOC 190 for freshman (1), BIOC/MCB 406 (3), BIOC 455 (4), BIOC 460 (3), BIOP 401 (3)

G. ADVANCED TECHNICAL ELECTIVES (see Department for list) .............................................. MINIMUM 10 HOURS
   Can use up 7 hours of senior research (BIOC 492) towards 10 hours of advanced technical electives.
   BIOC 492 is strongly recommended and can use up to 10 hours towards 120 hours to graduate.
   Note: Registration in BIOC 290 (lab, precursor to BIOC 492) is optional but strongly recommended, particularly by end of Junior year and can use up to 10 hours towards 120 hours to graduate.

..........................................................................................................................................................Total hours in major: 92

CAMPUS REQUIREMENTS

H. COMPOSITION I .............................................................................................................................. 4 HOURS

I. FOREIGN LANGUAGE (3rd level College or 3 years High School) .............................................. 0-12 HOURS

J. ADVANCED COMPOSITION - BIOC 460 (3) [required, embedded in major] ....................... 3 HOURS

K. CULTURAL STUDIES .................................................................................................................... MINIMUM 9 HOURS
   1. Non-Western (3 Hrs) 2. U.S. Minority (3 Hrs) 3. Western or Comparative (3 Hrs)

L. GENERAL EDUCATION MINIMUM ............................................................................................ MINIMUM 12 HOURS
   (Double dipping allowed with Cultural Studies)
   1. Social or Behavioral Sciences (6 Hours) 2. Humanities or Arts (6 Hours) 3. Science (imbedded in Major)

M. ELECTIVES/MINOR(S)
