MCB WORKSHOP SERIES SEPTEMBER 2017

For the most up-to-date information please visit our web site at <http://mcb.illinois.edu/undergrad/advising/workshops.html>

Thursday, Sept. 7 th 5:00 - 6:00 p.m. 1028 Lincoln Hall	MCB Workshop: Asking for a Letter of Recommendation Need a letter of recommendation? Don't know how to ask? Then join us for this workshop where MCB Advisor Aurora Cruz-Torres will be giving tips and best practices on how to ask for letters of recommendation!
Monday, Sept. 11 th 5:00 - 6:00 p.m. 124 Burrill Hall	MCB Workshop: Study Abroad in MCB Come to this workshop to learn more about the current and upcoming study abroad opportunities created specifically for MCB and BIOC majors. Recent study abroad participants will also be available to discuss their experiences and answer questions.
Wed, Sept. 13 th 4:30 - 6:00 p.m. Illini Union Rooms A, B & C	MCB New Student Welcome New Biology students and MCB and Biochemistry transfer students, join us and meet the MCB advisors, course coordinators and some of our faculty. Organizations specifically of interest to Biology and Biochemistry students will also be available to answer your questions! We will have games, prizes and hors d' oeuvres!
Thursday, Sept. 14 th and Wed, Sept. 27 th 5:00 - 6:00 p.m. 1024 Lincoln Hall	MCB Workshop: Succeeding in MCB Courses Getting the most out of the MCB Core Courses is the key to success in the major, and that requires you to do more than just get by. If you have had previous difficulties in MCB courses or are worried about a particular one this semester, join us for a discussion/workshop that will help you manage time better and identify the skills necessary for success in the major. You'll also learn to take notes, think critically, and approach exams in a scientific context. <i>(NOTE: These workshops are identical, students only need to attend one.)</i>
Thursday, Sept. 28 th 5:00 - 6:30 p.m. 124 Burrill Hall	MCB Workshop: Undergraduate Research Want to know more about undergraduate research in MCB? Come to this workshop to learn how to find a research position, what research in MCB can look like, and how to register for the appropriate course credit. You will hear perspectives from an MCB faculty principal investigator, as well as from students currently involved in cutting edge research.
